

Memo from

JOSHUA LEDERBERG

To:

W. von Euler

Congratulations!

Knowing that you would be
delighted, I quite intentionally
waited a little while to trans-
mit my own cordial good wishes
and respects for the well-deserved
award of the Nobel Prize.

May I add the personal note that
your scientific achievement is matched
by an even rarer modesty and
generousness and personal consid-
eration that colleagues and visitors
like myself have deeply appre-
ciated.

With continued best wishes,

Joshua Lederberg
